Acknowledgment

1. Receipt of the amendment filed 10/23/06 has been acknowledged and entered. The office is withdrawing rejection to claim 1 in view of the amendment. Accordingly, claims 4, 19-35, and 39-41 are in condition for allowance.
2. Claim 1 is generic and allowable. Accordingly, the restriction requirement, as set forth in the Office action mailed on 6/16/06, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 2-3, 5-18, 36-38, and 42-47 directed to another embodiments are no longer withdrawn from consideration because the claims require all the limitations of an allowable claim 1. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

Claims 1-47 are allowed because the prior art neither shows nor teaches an electromotive power assisted bicycle wherein a unit mounting bracket on which the electromotive power output unit box is mounted being fixed to said supporting section with the drive shaft penetrating through the unit mounting bracket and in combination with other elements recited.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
